REPUBLICAN COUNTY CONVENTION

A CONVENTION OF THE REPUBLICAN ... County, headed by the Delta of Alameda county, held in the city of Oakland, July 10th, 1875, for the purpose of nominating candidates to be voted for at the ... election, ... the following ... [illegible]

Each Republican township of Alameda county ... entitled to the following ... [illegible]

Eden 2
Oakland 12
Washington 4

Brooklyn Township—Delegates, J. H. Chrisman, ... Judges, ... Clerks, ...

What is Republicanism?

The Democratic papers of the State of Ohio declare that it is an injustice to accuse the Democratic Convention of Ohio of recommending repudiation. But it is not unjust. It is in accord with the truth. The Democratic Convention held in that State declared that the right of suffrage should be restricted to persons who could read the Constitution of the United States in the English language and write their names. Now, every one will admit that if the language of the Constitution of the United States had not been altered since the Democratic party was in power, the Democratic party would be guilty of a high crime against the Constitution if it should attempt to change the qualifications of voters. A contract between two individuals can be altered by certain agreement between the parties, but a contract between a State and individuals can be altered only by the consent of both parties. The Democratic party of Ohio proposes to change the Constitution of the United States by changing the qualifications of voters. That is repudiation. The Democratic party of Ohio proposes to violate the contract between the United States and the people of the United States. That is repudiation. The Democratic party of Ohio proposes to violate the contract between the United States and the people of the United States. That is repudiation.
